Courses in both programs are offered each academic year.

Graduate courses taken in the combined program count toward the completing on of the undergraduate degree in that circumstance. The tuition rate is subject to college policies when students' progress into taking graduate course.

The baccalaureate degree is awarded upon completion of 120 credits and satisfying all general education requirements. The MPA degree is awarded upon successful completion of the MPA requirements (39 graduate credits).

Applications for the combined degree program will be administered through the Department of Public Administration. Quality is maintained throughout the program. Both departments have individual assessment plans that are managed at each department program level.

Re: Combined Degree Program REL and PAD

Date: February 27, 2017

The faculty in the Department of Recreation and Leisure Studies have had extensive conversations on the success of students in our program. Providing students with the opportunity to begin pursuit of a master's degree and of a complementary discipline for each of the three recreation concentrations is of large benefit as we cultivate future professionals. I support this program proposal.

RE: Recreation & Leisure Studies/MPA Early Admission Proposal

Dear Committee Members,

After consulting with the chair and faculty of the Department of Recreation & Leisure Studies, the Dean's office is supportive of the proposal for majors in Recreation to be eligible for early admission into the Public Administration's graduate program. This is an exciting opportunity for Brockport (and Western New York) as it prepares graduate level professionals in the field of Recreation & Leisure Studies. This request will not influence resources nor will it require additional faculty in the Department of Recreation & Leisure Studies.

Sincerely,

Mark J. Kittleson, PhD, MCHES, FAAHB, FAAHE
